DOYLESTOWN, Pa. (AP) -Harold W. Dando, Bucks County sheriff, says he is changing his method of billing for automobile expenses.

Dando told the county commissioners Tuesday that he is halting the practice of charging the county "paper mileage" for the use of

his auto on official business. Last year Dando, a Republican, was paid for 219,000 miles of travel at 10 cents a mile.

Last Aug. 22, three Democratic attorneys charged the sheriff was padding his automobile expense account. They said he was charging a full round trip from Doylestown on every legal paper served, although many papers might be served on one trip.

## PLUS -- a fabulous LOW PRICE!

Never before have we been able to offer a BIG traditional bedroom at such a saving! New cherry finish, giant storage capacity and the handsomest styling we've ever seen at any where near our price

high-styled open-stock collection

Cherry Grove...

solid cherry and select cherry veneers in

designs correlated for bedroom, dining room

Our Cherry Grove collection isn't expensive furniture, but it isn't the sort of thing that is sold by "price," either. Cherry Grove is high quality, and it looks it. The woods have the beautiful distressed finish that cherry takes so well . . . rich browns and bronze tones and with a soft gleam like candle light.

Cherry Grove is a comprehensive collection for bedroom and dining room. There are many more pieces than we were able to show here. There are also some very interesting accent pieces finished in a soft, almost transparent green that lets the cherry grain show through.
